

LIP SERVICE SIZING CHART

Words from the Manufacturer: A word about our sizes: Some people say our sizes run small and some say they run big. The reality is that the fit of our items changes depending on the fabric they are made out of, the style of the garment, and the overall way we want them to look on you. Your safest bet when finding your size with Lip Service is to go with your largest measurement in accordance with the chart above. This size chart is in no way a guarantee or promise that the item you buy will be the perfect size for you. You can always have a good tailor take the item in, but you'll never be able to let it out.
